## USC INTERNATIONAL SUMMER SESSION

JUNE 5, 2011—JULY 1, 2011

The Department of French and Italian at USC offers students the opportunity to improve their knowledge of French language, literature, and culture - while earning four university credits this summer - during our four-week summer program. Dijon, at the gates of France's most famous wine region, is the capital of Burgundy. The city, which has a famous university, is renowned as an art center. It is strategically situated at one of the leading European crossroads in the east central region of France and is an important center of commerce and industry; Dijon is two hours by train from Paris and three hours from Geneva, Switzerland. Students will have the opportunity to participate in extra-curricular activities including sports, theater, dance, and cooking. Several excursions are planned for the weekends so that the students may discover some of France's historical and artistic treasures.
